

Greenfleet

GOGO Tours Pty Ltd
43 Albion Street
ESSENDON VIC 3040

Dear Sir/Madam

We are delighted to welcome you to *Greenfleet*.

Your support will help to reduce the impact of CO₂ greenhouse gases that contribute to climate change and global warming. Your trees will be planted as part of a biodiverse (mixed species) native forest on degraded land in rural Australia. As they grow they will not only absorb your greenhouse emissions, they will also create essential habitat for wildlife and help to tackle the widespread problems of salinity and erosion.

Greenfleet is an Approved Abatement Provider under the Australian Government's Greenhouse Friendly™ initiative, which means that we are bound by strict criteria for planting, monitoring and maintenance of our carbon forests, so you can be assured that you are making a real difference in the fight against climate change.

In addition to your commitment to offset your carbon emissions with *Greenfleet*, we would like to encourage you to take a holistic approach to AVOID and REDUCE the emissions generated by your business.

One useful tool in achieving this is the free CO₂ Cost Cutter which measures the fuel consumption and driving efficiencies of your vehicle fleet and drivers. You can then assess the impact that changing vehicles will have on your emissions before you invest in new vehicles.

The *Greenfleet* website (www.greenfleet.com.au) contains the CO₂ Cost Cutter, further suggestions on how to reduce your carbon footprint and the latest news on our activities.

Please find below a tax receipt for your records.

Thank you for your support.

Yours sincerely,

Sara Gipton
Chief Executive Officer
